Presentation and motivation:

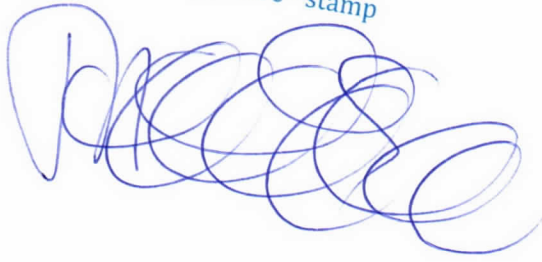

Indicate how your community is crossed by an route of the Saint James Way – European Cultural Route – Add any documentation- project.

De St. James Way enters the Netherlands in the Province of Limburg in Eijsden and then follows the route Maastricht, Meerssen and Sittard. Then it goes to the Belgian Limburg city of Maaseik, after which it enters the Netherlands again in Roermond, going to Steyl and Venlo and then leaving the Netherlands to go to Germany and the cities of Straelen (D), Kevelaer (D), Goch (D), Kranenburg (D) to finally entering the Netherlands again in Millingen (NL, province of Gelderland). More details in the following book : <https://www.santiago.nl/winkel/producten/tonen/89>. So the St. James Way is an international route in Limburg, as our province is very European.

All cities along the route have a long history when it comes to pilgrimage and religion as Limburg was the catholic region of the Netherlands and was the first region in the Netherlands to focus on Spiritual Tourism. Within European context we had a Cosme cooperation with other European destinations under the name Spirith Youth.

As an attachment I am sending you a presentation Spiritual Tourism in (South-)Limburg.
